

Home:

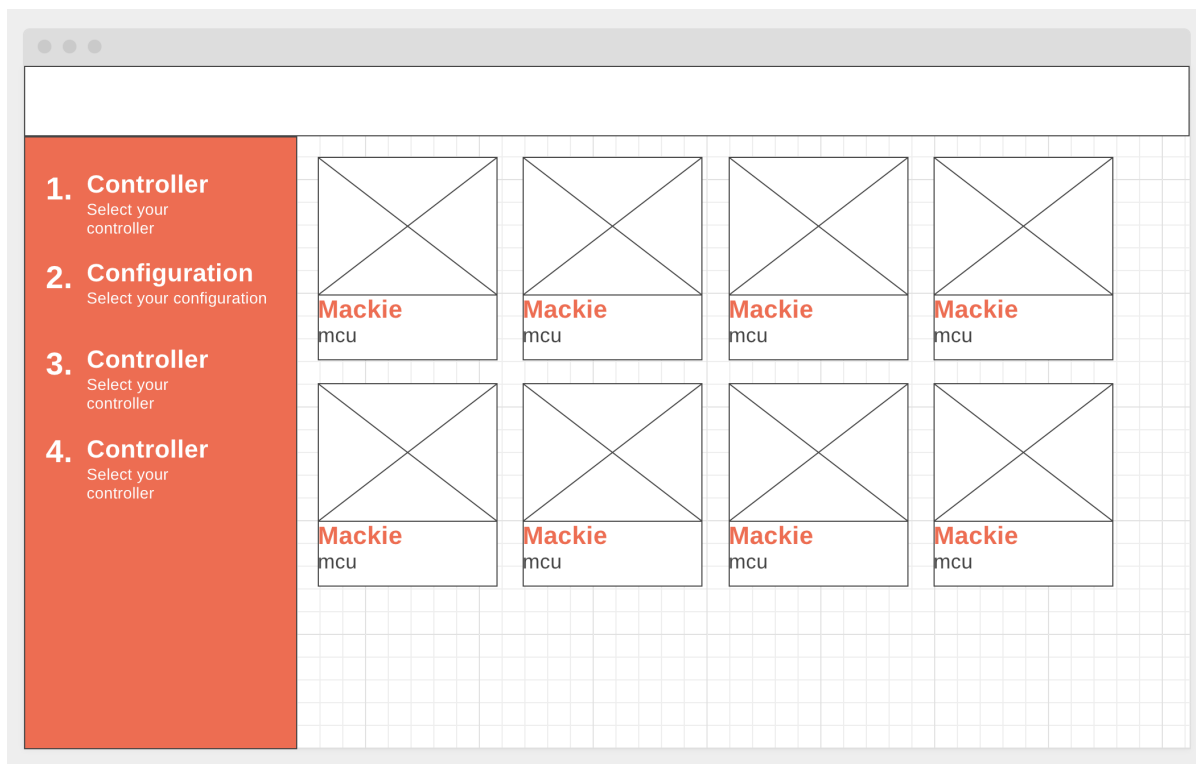

- <https://wireframe.cc/lvAwRh>

- The text part welcomes and gives an explanation
- The image can be used for a descriptive image

Configuration:

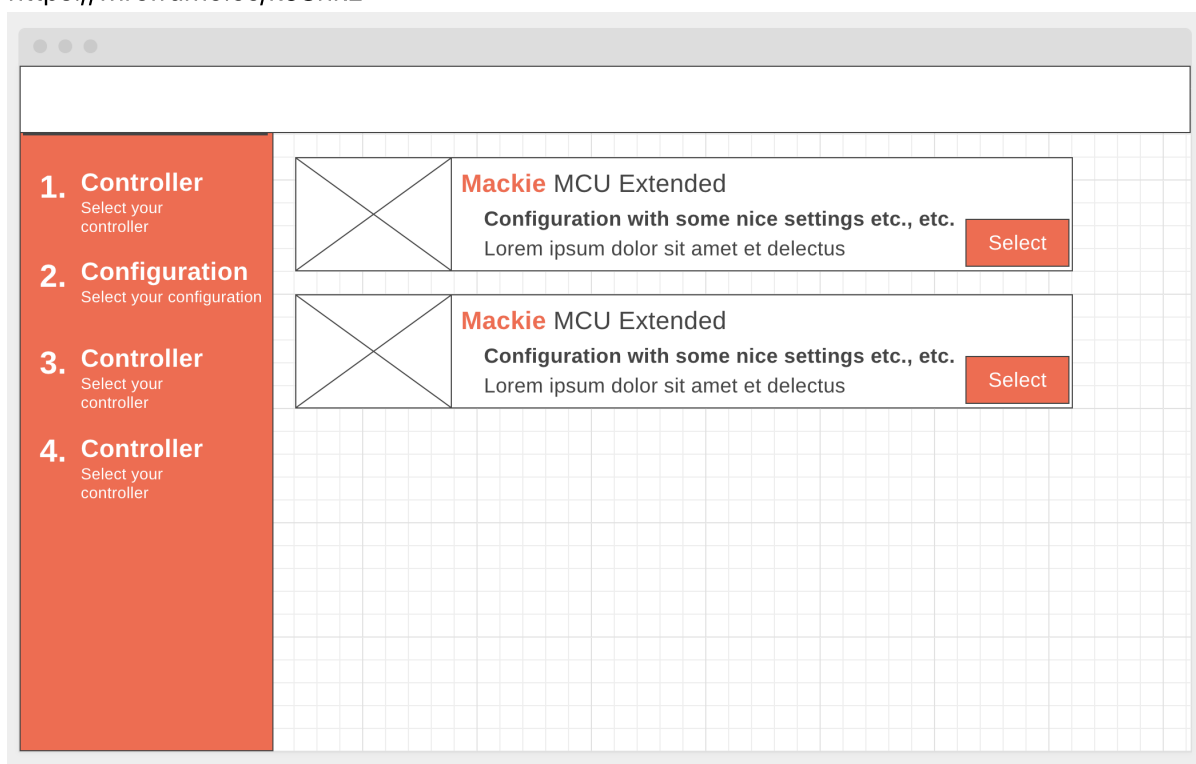

1. Step 1: Controllers
  - <https://wireframe.cc/sDI74z>

- 
- Display the list with controllers. Clicking one will go to the next step
- Maybe add a button for clicking (more consistent with the next step)

## 2. Step 2: Configurations

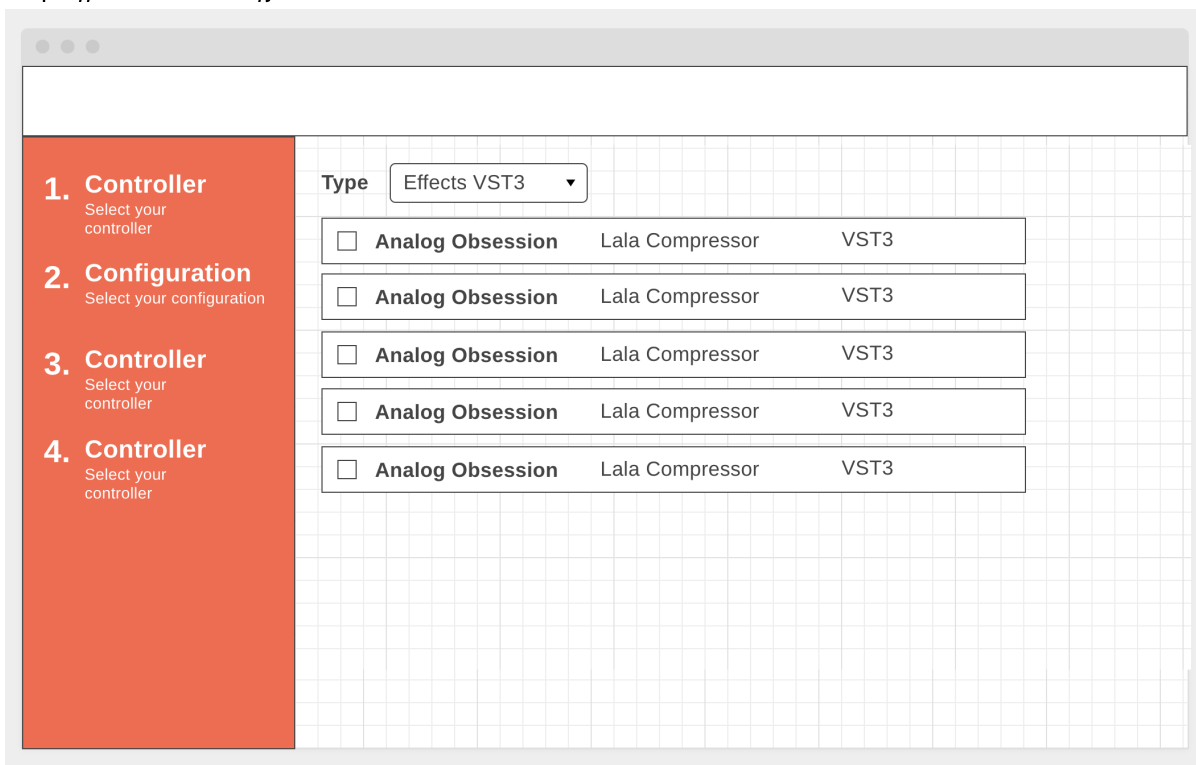

- <https://wireframe.cc/k5ShkL>

- 
- Select the configuration. Each configuration has:
  - controller image
  - Controller info
  - Configuration name
  - Configuration description (maybe collapsable, depending on the length of the text)
  - Button for the next step

## 3. Step 3: Effects and plugins

- <https://wireframe.cc/jhsuQ3>

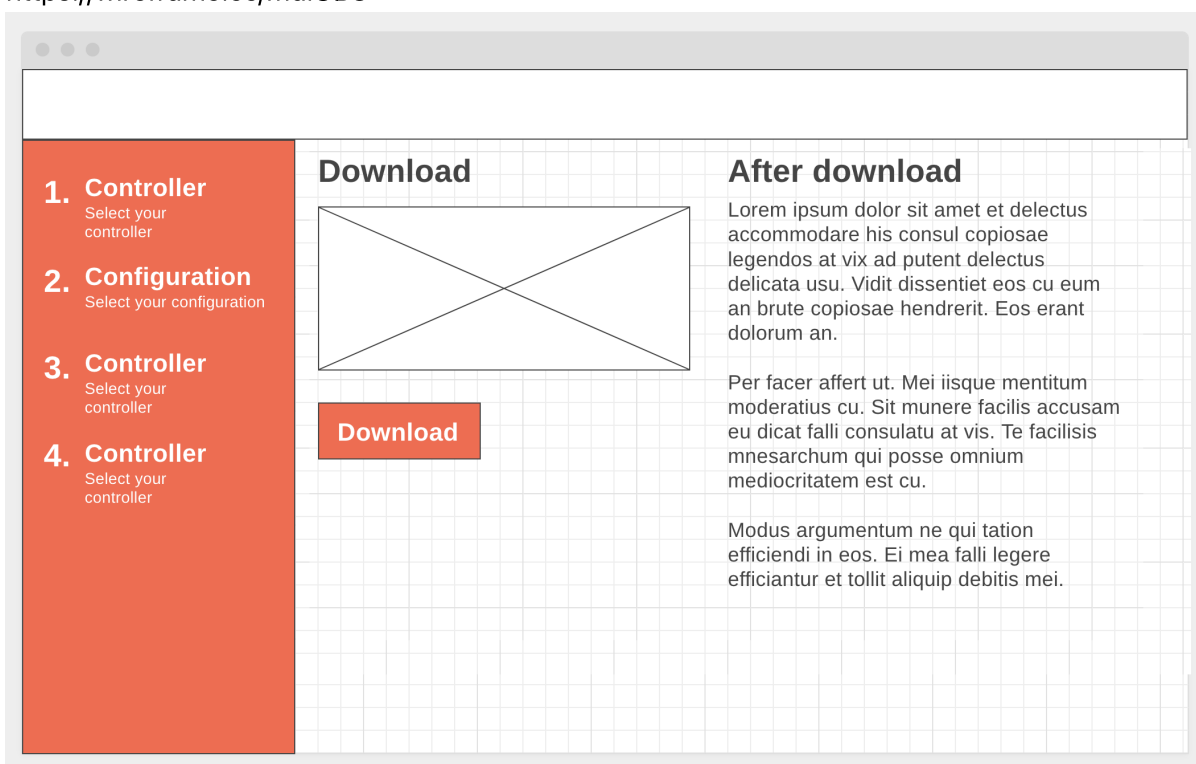

- Page has:

- List with all the option Each item has:
  - plugin name
  - plugin developer
  - plugin type
- Checkbox for selecting effects, instruments and fx type (vst, au, etc)
- (Not in the image) List with currently selected items
- (Not in the image) Button for going to the last step

#### 4. Step 4: Download

- <https://wireframe.cc/mdiUB8>

- Shows the downpad button and some additional info
